Check-In

Check-in time for returning families is any time after 2:00pm. If you need to check in earlier than 2:00pm, please be in touch with staff for assistance.

Check-Out

Check-out time is 11:00am on the day of your scheduled departure. If your appointments run later into the day, you are welcome to remain in the house after you have vacated your bedroom. The 11:00am check-out time allows us enough time to prepare the bedroom for the next family to come to stay.

Families are required to check-out at the end of a scheduled treatment or when they’re discharged from the hospital, unless there are special health circumstances and requirements from the hospital to remain in proximity.

To ensure an optimal experience at Family House, we encourage our guests to fill out an exit-survey after they depart. The survey will be sent to your email, we also have available surveys upon request at the front desk, as well as online at [Family House Guest Survey](#).

Fitness Room

There is a fitness room located on the 2nd floor in the north Pacifica neighborhood for families to use from 9:00am-9:00pm. The fitness room has a weight machine, an exercise bicycle, a treadmill, an elliptical, and free weights. The fitness room has a beautiful view of the courtyard and a filtered water dispenser.

Train Music Room

The Grammy Award-winning San Francisco rock band Train has been a dedicated supporter of Family House for many years. We have a room named after them for teens and families to enjoy from 9am-9pm. Inside you can find a TV and PlayStation 4, as well as a foosball table and keyboard piano. Please

ask a staff member to check out PS4 games and foosballs. Minors under the age of 13 require supervision while in the Train Music room.

Courtyard

There is a courtyard area for families to use from 9:00am-9:00pm. Please don't leave children unsupervised.

Laundry Room

There are two laundry rooms located in each neighborhood that are open from 9am-9pm. Almost all the washing machines in the laundry rooms are pre-loaded with detergent. There are two washing machines, each on the 5th floor, that are available to families that may want to use their own laundry detergent. Also, please clean and remove lint from the dryer screens after each use.

Garbage, Recycling, and Composting

Please help Family House control the amount of garbage we produce by recycling and composting whenever possible. Garbage, recycling, and composting containers are clearly labeled and located in the kitchen area. In the bedrooms, please discard trash into the appropriate container, and call the front desk to show where trash can be disposed of in the garage.

Medical Waste

There is a Sharps container located in each guest bathroom. Please call the front desk to ensure proper and safe disposal of medical waste once the Sharps container is full.

Pets

Pets are not allowed at Family House. Service animals, such as guide dogs and hearing dogs, are allowed with authorization from the manager's office. Unfortunately, we are unable to accommodate emotional support animals. Therapy Dogs Visit Family House regularly.

Room Keys

Members of your family will be assigned keycards for room access. For security reasons, please notify staff as soon as possible if you lose a keycard.

Bedrooms

In your bedroom, you will find bedding, towels, shampoo, and liquid soap provided for you to use during your visit. The maximum number of people who may stay in the room overnight is one person per single bed and two people per queen bed. **No eating, drinking, or storage of food and drinks, is permitted within bedrooms** (aside from water and breast milk). Keeping our guest rooms free of food supports our building with pest control and general maintenance, which helps us maintain high quality of service at high occupancy to serve as many families as we can. This also helps us reduce the time that rooms are offline between family stays, and we thank you greatly for helping us maintain this operation.

Bathrooms

Each bedroom has its own bathroom. Additionally, there are 2 bathrooms on the first floor by the elevator lobby.

Kitchen and Dining

Please store food and drinks in the kitchen area only. Each guest rooms has a corresponding food cabinet in the dining room and a compact refrigerator in the kitchen labeled with your room number.

In each kitchen, there are also stickers available to label personal food being stored in the communal refrigerator. Please note that food left in the communal fridge for more than 5 days will be discarded. Please inform a staff member if there are no more stickers. Kitchens should be cleaned up immediately after use, so that the area is ready for other families to prepare meals. All dirty dishes should be rinsed and then placed in the dishwasher. All families are encouraged to help by running the dishwasher when it's full and emptying it when the dishes are clean. Use only powder or pod detergent under the sink for the dishwasher. To reduce the risk of ants and mice, please don't leave uncovered food out overnight.

Living Room/Play Space

Each floor has a living room and play space adjacent to the kitchen area. Every living room is furnished with a television, DVD player/gaming console, and toys. We ask that families clean up after use of the space.

Quiet Hours

Quiet hours are from 9:00pm until 9:00am and will be enforced. Please be considerate of resting and sleeping neighbors.

Building Security

The safety and security of our families at Family House is of the most importance. We have staff or security personnel on-site 24 hours a day. Please do not let anyone into the house that you do not know personally, and please do not give your keys to anyone. We ask that doors that lead outside are not propped open. Please notify staff if you notice any safety concerns.

Emergency Procedures

In case of an emergency, notify staff/security personnel immediately.

For fire & medical emergencies, dial 9-911 from your bedroom telephone

In Case of Fire Emergency

Fire extinguishers are located in the hallways throughout the building.

During emergency evacuation situations use the fire exit stairwells and do not use the elevator.

Emergency exit stairwells are located in the northwest corner and at the southwest corner on floors 2 through 5. Once in the courtyard, please take the West facing stairs that lead to the sidewalk. Once on the street level, move away from the building so that emergency responders can have full access to the facility.

For persons with disabilities, there is an area of refuge with an emergency phone on floors 2 through 5 located at the elevator lobby. Use the phone to inform a staff member that there is an immobile person upstairs, so the fire department can be informed and respond accordingly. The area of refuge is also available in case of a major earthquake for all families.

Room Cleanings

Room cleanings begin at 9:00 AM and require families to temporarily vacate the room. Weekly room cleanings begin 7-10 days after arrival for stays lasting longer than one week. Please do not move any of the furniture in the guest rooms, including the beds, and please remove all personal items from beds that you would like a linen service for. If beds have been moved together, or if a bed has personal items on it, housekeeping will be unable to complete linen service. Our housekeepers are trained in handling families' personal belongings during room cleaning, including medications, to increase the comfort of families while they are staying with us.

Smoking/Vaping

Smoking and Vaping are prohibited at Family House. Please walk to the park across 3rd street if you would like to smoke/vape. If you do smoke/vape, please be respectful of our neighbors by smoking/vaping away from buildings, so the smoke doesn't enter their residences.

Supervision Policy

Anyone under the age of 18 must be accompanied by an adult who is responsible for their child's care, well-being, and safety at all times while at Family House. Children over the age of 13 may walk around the house on their own as long as a parent is in the house, and they are behaving appropriately. If adults leave for any matter, all minors will have to accompany them in case of emergency.

Visitors

All visitors must be informed of the house rules, receive a badge, and sign in and out at the front desk. A maximum of 4 guests, per family, are allowed to visit between the hours of 9am-8pm.

Health Safety

We make every effort to protect patients and families from infectious diseases. Any family member with cough or cold symptoms, vomiting, diarrhea, fever, or rash should check with Family House staff regarding specific precautions in addition to daily precautions such as frequent hand washing, wearing a mask when experiencing symptoms, and abstaining from shared spaces at Family House until symptoms resolve.

Contagious Diseases Not Allowed at Family House

Contagious diseases can be life-threatening to immunocompromised individuals. Please notify the front desk staff immediately if you, your family, or visitors have been exposed to any of the following diseases: C-Diff, Chicken Pox, Measles, MRSA, Norovirus, Whooping Cough, Shingles, or TB.

A family member or caregiver that has been cleared by the hospital as not having the contagious disease may stay at Family House, as long as they follow precautions such as extra hand washing, masking and avoiding common space areas when they're in the house and at the hospital.

Mail & Messages

You are welcome to have mail or packages sent to you during your stay at Family House. Please include delivery instructions as follows: "ATTN: 'Your name and room number' 540 Mission Bay Blvd North San Francisco, CA 94158". Family House is not responsible for any lost mail.

A wide-angle photograph of a large, green park with a playground in the foreground and a city skyline in the background. The park features a large, open grassy area with a winding path. In the foreground, there is a playground with a red slide and other equipment. The background shows a dense city skyline with many skyscrapers, including the Transamerica Pyramid. The sky is clear and blue.

A photograph of a modern playground. The central feature is a large, colorful, abstract structure that resembles a giant's foot or a stylized animal, made of various materials like wood, metal, and plastic. It has a large, flat, light-colored base. The playground is surrounded by trees and a clear blue sky. In the background, there are some buildings and a fence. The overall scene is bright and sunny.

Outpost Playground: 210 Lincoln Blvd

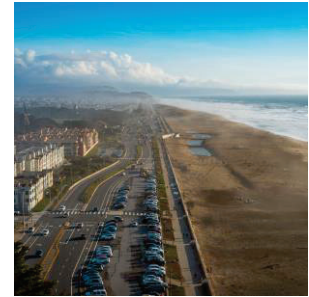

Hours: 9:30am-5pm

This Unique San Francisco Playground is unlike any other in the city. Kids can explore the inside of a giant fallen tree, scale the Woodland Wall and play with water. If you look closely, you can find two creatures that once roamed the earth.... Can you guess what they are?

Ocean Beach: Hwy 1

A 3.5 mile stretch of white sandy beach nestled between Golden Gate Park and the Pacific Ocean. This beach is best suited for experienced surfers and is great for hiking, building sandcastles or flying kites on the beach. When the overcast shy's away this beach can be ideal for a quiet walk due to lack of tourist and no high rise, if you dare to dip your toes in the frigid water then you can experience the depths of how cold the Pacific Ocean can get.

Seward Street Slides: 70 Corwin Street

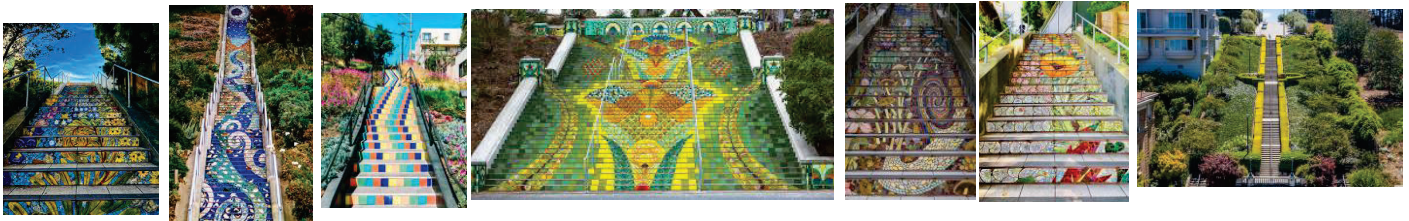

Hours: Mon - Fri 10am-5pm

The Seward Slides are a San Francisco Secret in the Castro/Eureka Valley area. This is good old-fashioned fun that personal injury lawyers love – the slides are extremely fast and not exactly up to modern safety standards. But that's what makes them awesome! Bring a sheet of cardboard for sliding and riding down the infamous slide!
